ABOUT US

The College of Engineering, Guindy (CEG), a pioneer in technical education in India and in Asia, was established in the year 1794. Incidentally, CEG was the first engineering institution setup in India. More than 200 years have gone by and today, this college has evolved into Asia's largest technical university.

The Department of Electronics and Communication Engineering (DECE), was started by this celebrated institution in the year 1945, is one of the leaders in India. The department has expertise in many diverse areas, it aims at educating and training students with sound knowledge and awareness in the latest trends in electronics and communication. Keeping in line with fast changing technology, the department has a well designed, constantly reviewed syllabus to incorporate all advancements in existing and emerging technologies. Department of ECE is the lead department in University Potential for Excellence (UPE) for Bio Medical Engineering and Instrumentation. The state - of - the - art laboratories complement the high standards set by the competitiveness syllabus and nurture the inclination of the students towards research and development, besides giving them the necessary and sufficient backing of practical knowledge that they need.

SCOPE

ICSSC-2019 is an international conference in the field of Electronics and Communication, focusing to address issues and developments in Communication, Signal processing and Electronics. This conference provides a forum to bring together international researchers to present papers and generate discussions in recent trends and developments of Electronics and Communication Engineering. The conference will feature a range of presentations on latest research activities as well as stimulating talks and keynote addresses marching towards sustainable development and industrial competitiveness. It is a platform for researchers for mutual exchange of knowledge for improving the academic and research.

INVITED TALKS AND WORKSHOP

Invited talks and workshop in the field related to the conference theme will be arranged. The details will be posted in the conference website.

CALL FOR PAPERS

The authors are invited to submit their original research work which is not being considered in any other conference / journal as full papers as per the guidelines given in www.icssc2019.com. All the papers submitted will be blind reviewed by two experts.

PUBLICATIONS

Accepted and presented papers will be published in conference proceedings with ISBN / ISSN numbers. Best papers as recommended by the conference chairs will be considered for publication in Scopus* / SCI indexed* / UGC listed* / Anna University listed journals*. (*terms and conditions apply.)
